

Letter from Candidate for Governor
Senator Michelle Benson
to Precinct Caucus Attendees
February 1, 2022

Fellow Caucus Attendee:

Greetings! I'm Michelle Benson, and I'm running to be your next Governor. I'm asking for your support and vote. **Together we will make Minnesota safer, better, stronger and make Tim Walz a one-term Governor!**

Since 2006 I've been a Republican delegate myself from in Anoka County. It has also been my honor to serve in the State Senate since 2011, representing the Blaine and Ham Lake area, to have been Dave Thompson's running mate for Governor in 2014, and to have chaired the Minnesota State Republican Convention in 2018. I appreciate the work delegates do to select a candidate who shares our values and can be elected to serve our entire state.

Growing up in Murdock, MN, I was taught that when you see a problem you know how to fix, you roll up your sleeves and get to work, and you stay until the job is done. In 2010, my Republican state senator had drifted from our values, so I challenged him and won the endorsement - and then the election. I have championed our conservative principles at the Capitol ever since by fighting infringements of our freedom, protecting life, defending our constitution, and relentlessly battling against liberal, out-of-touch politicians who want to destroy our values. **My adherence to our principles has resulted in the most conservative lifetime voting record in the Senate** by the American Conservative Union. I have utilized my experience as a Certified Public Accountant - along with the common sense of a suburban mom - to deliver meaningful results.

I see a greater need before us today - **our Governor is not the voice of Minnesota!** He is taking marching orders from the extreme left who want to defund our police, raise taxes, make the dream of entrepreneurship harder, mandate behavior in the name of public health, and dictate to you what health decisions you should make for your family.

I've seen enough, and now, just like I learned throughout my life, I can see the problem, help be part of the solution, and I am ready to do the hard work. I am running to be the next Governor of Minnesota because our state and its people need to know that our future is as bright as their dreams of it are.

Let's get to work, Minnesota. I ask for your support and vote. God Bless you, God Bless Minnesota, and God Bless America.

Michelle Benson
