Hello & Welcome Caucus Attendees!

My name is Kelly Jahner-Byrne and I am running to be your next Secretary of State. Over the coming weeks we will have many hard decisions to make, and many important votes to take. We need a team that can fully commit to and ultimately defeat the liberal axis of Gov. Tim Walz, Attorney General Keith Ellison & Secretary of State, Steve Simon. Together these three have undermined voter confidence, debilitated the rule of law, and circumvented the legislature to advance their agenda. ENOUGH!

When I am your Secretary of State, my commitment to you is very simple.

- I will ensure that **ONLY US CITIZENS** will be allowed to vote in our elections.
- I will aggressively work with the legislature to fully implement **VOTER ID** and to regain our ability to have trained and aggressive **POLL WATCHERS**.
- I will never exploit consent decrees to evade legislative authority.
- I will appoint a special sub-unit of MN-SOS office who will focus solely on **ELECTION INTEGRITY** and preventing the private funding of our elections.

President Ronald Reagan once said, "When you can't make them see the light, make them feel the heat". It's time for both you and me to turn up "the heat" on the Minnesota DFL.

Best Wishes for a productive caucus,
